## Different Types of Machine Learning Problems

3/3 points (graded)

1. We wish to classify some news articles into three fixed categories–politics, sport
Among the following, which machine learning problem is this?

- ⦿ Classification
- ◯ Regression
- ◯ Clustering

✔

Regression

○  Clustering

✔

Submit     You have used 1 of 2 attempts

Counting     ‹ Previous                                                    Next ›

0 points possible (ungraded)
Consider the following small paragraph that we wish to cluster. We want our clustering
